U 80

Asked regarding the origin of the ammunition in his possession Mr.Kuegelgen explained that it was purchased by P.J. Klink from Squires,Bingham Company, 126 Nanking Road, on 24-6-1941. In October of the same year this ammunition was given to Mr. Kuegelgen in payment of a part of the bonus due to him from P.J.Klink Ld at the price CN$ 1,358.50 per case. According to Mr. Kuegelgen the ammunition was registered by him with the Japanese Gendarmerie Headqaurters,Hamilton House,on 7-3-42.

Further Mr. Kuegelgen stated that on 16-4-42 the ammunition referred to above was purchased from him by Tientsin branch of Siemssen & Co., a German firm, at the price CRB$ 2,045.00 per case. Two cases were purchased by Mr. C.BURGER,Manager of Tientsin Branch of that firm, for himself, and the remaining 20 cases - for the Tientsin Sporting Club.

The ammunition is at present stored at 3 Hsra Road. Permission is now applied for by Mr. Kuegelgen to remove it to Wha Dah & Company's fire-resisting godown, 462 Kungping Road. wherefrom it will be eventually delivered to the purchaser.

According to Mr. Kuegelgen, the firm P.J.Klink Ld haas been allowed by the Japanese Authorities to function normally,although it is owned by an enemy national.

Dear Mr. Prokofiev:-

Kindly hand to bearer my documents about the cartridges, which I left with you yesterday.

I have decided better to hand over the whole matter to a Japanese Lawyer, who has already handled many similar cases for our firm. He knows better how to approach his own people and can explain to them the whole affair.

We will never come to any result and have a lot of troubles. Every time they will ask for something new and we both have other things to do than to waste our time.

With my best regards and thanks,

Yours faithfully,

V. P. Luegelgen
